Notes to Teacher

My students love this because it makes them think about the songs they have heard, remembered, or known about for each parish in the state. In Southwest Louisiana there are several songs that may or may not be on their playlist but could be on this iPhone's list. Let them have fun creating a playlist for the parish that includes the names of cities/towns, the parish name, and a song about the state other than the official state songs.

If you get any great lists, email them to me for future reference – email to latraveler@bellsouth.net. Thanks and have fun.

Parish History iTunes

Directions: Tell what the parish **History iTunes** playlist might sound like. Include such things as tune(s) about various cities/towns, tunes about the parish and at least one tune about the state other than the state songs.
