Louisiana
writing activity

MrE's

Louisiana history

Freebie for mine and your classroom.

7th/8th Grade

Use this activity sheet for an End-Of-Year recap! Students can fill in pictures – sketches, internet pics, their own pics -of things they did or people you wish to have meet, or food they love to eat, and then write a **short** sentence about it!

After that, have them switch papers and “repin” an event that someone else did. They can explain why they chose to “repin” that pin with a short statement as to WHY they chose that "pinned" item.

Print both sheets of paper for each student.

Paste them both on a large black piece of paper and hang around the room!

I copied this item from **MookerDoodles** to use in my own Louisiana history classroom. I want to thank her for helping **fix** my own Pinterest item that I have used for several years.
